To whom it may concern,

I am writing about the reindeer owned by Nick Dean of Woodbine Farm, Lutton. I am one of the vets responsible for their care and we as a practice are responsible for their routine work and herd health planning. The reindeer have regular health checks and are in good condition and kept to a very high standard.

If there are any concerns or issues, they are dealt with immediately; the health and welfare of the reindeer are a top priority of Mr Dean.

I have been on sets where reindeer have been filmed and saw no welfare issues and this posed no concerns for their health. Please do not hesitate to contact me if you have any further questions, either contact the practice or my work mobile is 07825621733.

Yours faithfully,

Henry Dove BVetMed MRVCS  
Director
